How to order

Minimum order: £500, excluding VAT.

Postage is free on every order.

Ordering. Email adgopulraj@gmail.com with the code and the quantity of each piece. We confirm availability and the price, then raise an invoice.

Prices. All prices are trade and exclude VAT. Gold prices move, so each price is confirmed when the order is placed.

Suggested retail. A guide only: about 2.2 to 2.5 times the trade price, including VAT. The retail price is the shop's own decision.

Availability. Most pieces are held in small numbers. Repeat orders are subject to availability, and the delivery time is confirmed with the order.

Notes on the pieces

Weights are the whole piece, measured on our own scales. Earrings are weighed as a pair, with their backs.

Stones are described as they are described to us by the maker. No claim is made about treatment, origin or grading.

Synthetic opal is a created stone, grown rather than mined.

The photographs are not to scale. Colour is reproduced as closely as possible, but a stone is best judged in the hand.
